

The Children's Home

The Florida United Methodist Children's Home, founded in 1908, is a faith-based, welcoming and diverse Home that provides care to children, youth and families throughout Florida. It is a 100-acre safe haven for children who are victims of sexual abuse, physical abuse, abandonment, or broken and dysfunctional families due to divorce, drug abuse, illness or death of a parent. Once the children are placed in our care, they are settled in a cottage and immersed into a full range of educational, recreational, social and moral-value activities designed to help and heal.

The Children's Home offers specialized residential care and treatment with nurturing house-parents and therapists who help each child. Our campus features 14 cottages, an educational center, a counseling center, chapel, gymnasium and much more. Additionally, the Home reaches into the community by recruiting, training, licensing and monitoring loving foster care families and adoption services. Over 1,500 children were helped through the Home last year alone!

For more information about the Florida United Methodist Children's Home, visit their website at www.allchildrenfirst.org Thank you for your generous support of the Home as it continues to meet the desperate needs of children.
