

New Horizon RELAUNCH Plan

There are lots of good questions being asked about our plans moving forward.

*How long will we gather and worship online?

*When will we be back to worship in the church facility?

There are still a lot of unknowns, and the shifting of steps will continue. There will be a new church in many ways as we Relaunch to *be the church* in the Covid era.

PHASE 1

- This is the phase we are currently in.
 - *We will continue to Worship and have all our Discipleship groups, meetings, and other groups online only.

PHASE 2

- Encourage families, or small groups (self-grouping to level of comfort), to create Fellowship Cells. This may include (but not limited to) weekly check-in with each other, prayer/study times or even Sunday watch parties for live stream worship. Staff is available to help guide you.
- All online and virtual offerings will continue.
- VBS will be virtual.

PHASE 3

- Reinforce hand sanitizing areas around campus
- Deep clean and sanitize facilities
- Elderly and immune deficient individuals will be encouraged to continue watching services online.
- Introduce small corporate worship services (strategy to be determined)
- Discipleship groups can meet in designated areas on campus
- Youth can meet in small groups on campus or in homes
 - *Mission trips have been postponed/canceled.
 - *Camp in Leesburg has been canceled for this summer.
- We will continue to offer quality online experiences as well.

PHASE 4

- Worship services and Discipleship classes on campus.
 - *Service times, numbers of people and structure may be changed in accordance with a new and evolving environment.
- Youth, Children's Ministry and Nursery will resume on campus

- Offering plates will no longer be passed. Will provide secure boxes at each entrance.
- Holy Communion will be handled differently (TBD)
- Online video stream of worship will continue
- Zoom and other forms of technology will continue to be used for groups, meetings, and the sharing of information

The time frame for each phase depends on a lot of things from different resources of information. Even this plan may evolve and change with new information in the weeks ahead. Thank you for your prayers, service, and patience.
